WINDOWS TO OUR KNOWLEDGE

Students of today are the leaders of tomorrow—and we cannot master this world without an education.

The educational program is designed to offer various courses to meet the needs of the student's future. Academic classes like trigonometry, chemistry, and English prepare college bound students. Courses such as those in the Business Department, like typing, shorthand, and accounting help to qualify students for business careers.

Dedication

A Teacher, A Leader, A Friend

He is honest, yet kind; strict, yet fair; he's a man of many qualities—Mr. Robert L. Bristow.

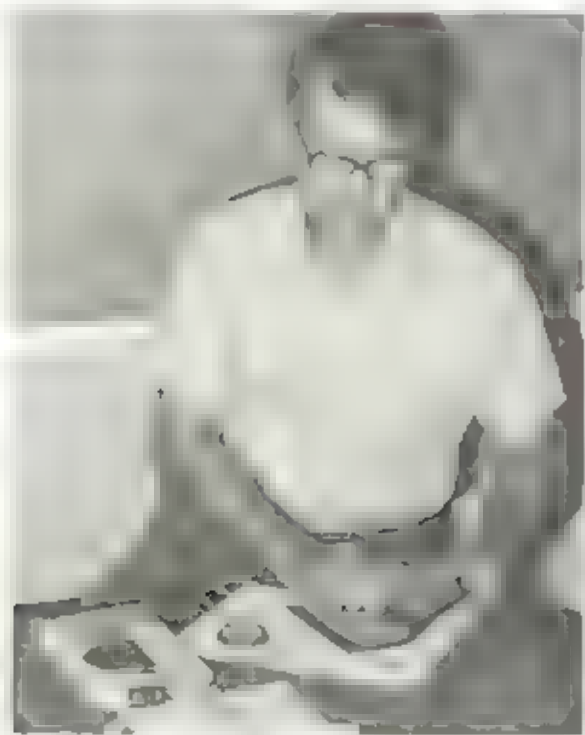

Mr. Bristow has been associated with Beckville School Systems for the past 12 years. In 1966 he became High School Principal, terminated his position in 1969, but remained as a high school math teacher.

After receiving his Bachelor's Degree in Math and Masters Degree in Administrative Education at East Texas State University he continued his education with graduate work at the University of Kansas and Baylor University.

Student, Mike Qualls quotes, "He is a good leader." He has demonstrated this leadership by sponsoring the National Honor Society, Math Club, UIL Number Sense and Slide Rule teams, and the Senior Class.

Even though he has many school activities, there is still time for his favorite past time, squirrel hunting, and for devotion to the Community. Being a member of the Masonic Lodge, Lions Club, Methodist Church, and President elect of the Band Boosters Club, he has proven to be as Mrs. Mary Ann Gill says, "A Christian person, and always willing to help others."

To Mr. Bristow, a teacher, a co-worker, and a friend, this book is dedicated.

UIL Junior High Six In A Row

Placing first in District UIL Literary competition for the sixth time in a row, the seventh and eighth graders again demonstrated that long hours of practice and hard work pay off in the form of recognition and a trophy. Of the 14 students who entered the 5 events, 2 placed first in their events, 2 placed second, and 2 placed third accumulating a total of 60 points.

Teachers Are Not Just Instructors . . .

They are people-a special kind of people. They serve as counselors and help to prepare the students for future roles. Always willing to help and advise, the faculty strives to educate and train the students for life's future encounters. Aside from being an instructor, a counselor, and an advisor, they also serve another important role-being a friend.

Seniors

Seniors Reflect

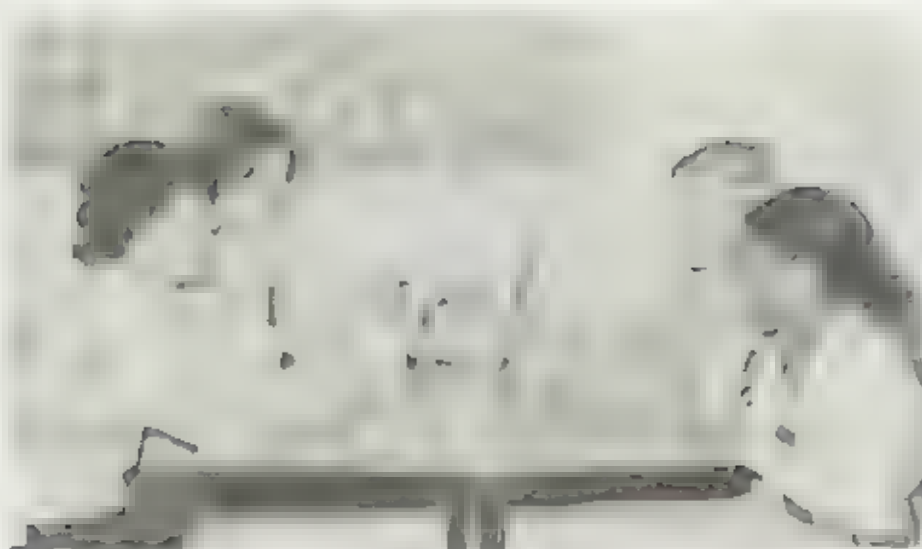

With school drawing to a close, seniors reflected over their last twelve years with laughter, tears and a little sadness in their heart. They reminisced about fond memories which they would cherish forever. Yet more in their minds, the class looked to the future. There was graduation ahead, but what after that.

After all the decisions have been made the Class of 78 will look once again. They will recall old friends, teachers, field trips, and will especially remember their senior year as being the highlight of all their school days.

Seventh Makes Adjustments

Leaving elementary and entering Junior High on the High School campus, the seventh graders reach the half-way point of their school years. As they make this step they must adjust to new experiences in social and academic activities. They are now allowed to participate in high school band, student government, sports, and some social events such as the favorites party.

WINDOWS TO OUR VICTORIES

As the stands fill with spectators before each game, whether it be football, tennis, or baseball, the teams enter with a sparkle of pride-Bearcat pride. Sometimes it seems to leave the hearts of the team when there is a big let down; but somehow, some way, it always keeps coming back.

Having a good team means working as one, accepting the defeats, and rejoicing for the victories—and all of that takes pride.

Football

Cats Have Rough Season

Under the supervision of a new head coach, and having lost eleven seniors from the previous year, the Cats had to make new adjustments and position changes. Although the changes were minor, the Bearcats, with a young team, were in for a real fight; but the odds were against them and they could not compete with the ability and experience of the larger teams. Even when it got rough the Cats were still in there with spirit and heart that other teams could not match. At the end of the season the Cats district record stood at 1 and 4.

Basketball

Learning Experience

Under the leadership of a new basketball coach the team was determined to break a losing streak that had plagued them for four long years. They showed an underlying courage that made them respected even more as a team. And as their skill increased their enthusiasm and pride also grew. Although they won only four games they never stopped working as a team. They ended their season with four wins and eighteen losses. But they gained the experience a young team needs to have to be successful in the future. So looking back they realized that their time and energy had not been wasted

Fell Short

Coming off a winning season from the previous year the Jr. Varsity Cats were out to match their record from the year before, but fell short after losing several starters to the varsity. The younger Cats, lacking experience, were unable to keep up with the more experienced teams. With undying spirit they fought until the last buzzer of the final game but still came up with a one win and nine loss record. With the Jr. High fastly maturing and with returning players, next year will surely be "The Year of the Bearcat."

Receives Honors

Winning the consolation trophy from the Elysian Fields tournament was one of the highlights of the Lady Cats basketball season. Throughout the season they received individual honors such as all-tournament and all-district teams. Making the all tournament team at Elysian Fields was Kim Eater and at the Gary tournament was Melissa Murphey. Receiving honors of all-district were Kim Eater first team and Robin Hill, Kim Allee, Cynthia Hicks, and Melissa Murphey second team. Ending the year with a victory over Waskom, the Lady Cats came out with a record of 4 wins and 6 losses for district and a 13-12 record for the year.

New Rules Followed

Adjusting to unfamiliar rules was one of the most important ambition of the Junior Varsity Lady Cats as they experienced the change of half court basketball to the full court game. With the leadership of Coach Wayne Mahaffey the six member team worked together to prepare themselves for District. Playing only eight games during the season the J.V. Girls came out with a 4-win and 4-loss record.

Baseball

Team Of The Future

With a young team, consisting of only 10 members, of which five were freshmen, the Bearcat baseball team gained much needed experience as they look forward to next year's season. Led by a new coach, Wayne Mahaffey, who is in his first year of coaching, the team faced several new competitors before they began District play. Plagued by injuries, the Cats did not make an impressive record on the scoreboard. However, their playing ability indicated that this is a team to watch in the future.

Fun Times Just For Fun

Among the many activities of Beckville High School, there is always time for a little fun. Students and faculty took time out from the busy year to participate in student sponsored sports.

The National Honor Society organized a basketball team and played against some of the faculty members. The Freshman class planned a Powder Puff football game for high school classes. The Sophomores promoted a Play Day in which Jr. High and High School students were contestants.

Cheerleaders

Spirit Makers Win Honors

The highlights of the summer for the High School Cheerleaders was the week spent at National Cheerleaders Association Camp. Through all the pillow fights and early morning breakfasts, they worked hard enough to bring home superior honors. The group was also awarded the spirit stick, while at camp. They enhanced the pep rallies with stunts and pompom routines to arouse school spirit.

The Junior High Cheerleaders learned many new chants and cheers to back their team with all the spirit they could arouse. Their display of victory signs showed their enthusiasm for their teams efforts.

Group Makes Trips

The newly organized Junior Engineering Technical Society (Jets) Club had a very active year. For the members of the club, their first year was one of excitement and experience. They listened to speakers on talks of Thiokol and on nuclear propulsion. The first major field trip of the year was to Bryan, Texas to a Jets convention where students entered contests and attended several lectures. The second trip was to the Texas Utilities Power Plant.

Booster

Staff Attends UILPC Workshop

Printed bi-weekly, the BOOSTER, a mimeographed newspaper, is published by second and third year journalism students to inform the student body on current happenings around both the elementary and high school campuses.

The six-member staff puts in many hours both during school time and after school hours gathering information to complete their stories and meet deadlines.

Two members of the 1978 staff and three members of the 1979 staff attended the University Interscholastic League Press Conference in Austin last March to learn new techniques of publishing a high school paper. This year, as in past years, the BOOSTER ranked high in both UIL and Texas High School Press Association competition.

Beckvillian Wins Top Awards

The All-Texas Honor Rating by the Texas High School Press Association and the Award of Distinguished Merit from the Interscholastic League Press Conference were awarded to the '77 BECKVILLIAN. Following the high standards set by the '77 staff the '78 staff started work in August selling ads to cover the expenses of publishing the 1978 book. Taking pictures, drawing layouts, and writing copy were all a part of the long, extra hours of work and effort put forth by the staff.

Principal Organizes Programs

Friendship, guidance, understanding, and patience are the qualifications of an Elementary principal. Mr. Bill Bailey meets these requirements. He has set up individualized programs in the Elementary School that have helped improve the skills of the students. Each pupil works at his own rate, and with the aid of his teacher, builds up the skill he needs to advance to the next higher level. Working in the Beckville school system for 24 years, Mr. Bailey has accomplished much toward the progress of the school system each year. He has been a band director, a teacher, and is now principal.
